

SMOKE RELATED INDICATORS *IN WINE AND GRAPES*

Smoke Indicator Analysis

Eurofins has established a grape and wine testing program for smoke indicator compounds for use by growers and winemaking operations in wildfire areas. The analysis of guaiacol and 4-methylguaiacol will be offered at the fastest possible turnaround with capacity up to 250 samples per day. Methodology is based on GC-MSMS and will be on ISO 17025 scope.

Two testing offers are available immediately:

QA28H Smoke related Indicators

Price: \$175.00 TAT 3 business days Method: GC-MSMS

Parameter	Method LOQ
Guaiacol	0.5 ug/kg
4-Methylguaiacol	0.5 ug/kg

QA28J Smoke related Indicators (Extended)

Price: \$200.00 TAT 3 business days Method: GC-MSMS

Parameter	Method LOQ
p-cresol	0.5 ug/kg
o-Cresol	0.5 ug/kg
Guaiacol	1 ug/kg
4-Methylguaiacol	1 ug/kg
Syringol	2 ug/kg
4-Methylsyringol	2 ug/kg

Analysis is performed in Eurofins Food Analytical competency Center in New Orleans. We also have three locations for sample drop-off available in California. A 1-2 lb sample is optimum. Samples can be shipped direct to New Orleans or delivered to the dropoff locations with the proper submission forms. The dropoff locations will repackage them in laboratory ready glass bottles for overnight shipping to New Orleans, in a chilled shipper to preserve the samples.

Dropoff locations in California:

West Sacramento, CA
Eurofins TestAmerica
888 Riverside Parkway
West Sacramento, CA 95605

Livermore, CA
The National Food Lab
(The NFL)
365 N. Canyons Parkway
Suite 101
Livermore, CA 94511
(Open Tuesday/Wednesday
10am-2 pm only)

Fresno, CA
Eurofins Fresno Microbiology Lab
4834 W Jacquelyn Ave
Fresno, CA 93722

Shipment direct to New Orleans:

Eurofins Central Analytical Laboratories
2219 Lakeshore Drive Suite 100
New Orleans, LA 70122
504-297-3400
