California ABC Responsible Beverage Service Training

LEARN FROM THE EXPERTS!

Certified Alcohol Training
California's Premier RBS Training Provider

With the passage of Assembly Bills 1221 in 2017 and 82 in 2020, effective July 1, 2022, any alcoholic beverage server and their manager must have a valid responsible beverage service (RBS) certification within 60 days from their first date of employment if they perform certain duties related to alcoholic beverage service. To become certified, they must complete RBS training from an ABC-accredited RBS training provider and pass an ABC-administered RBS exam.

Certified Alcohol Training is presently the _only_ ABC-approved training provider authorized to offer live in-person, live virtual, and online RBS training in this state and the only provider whose courses are designed and taught by the team of Jerry R. Jolly and Associates - all former ABC executives, managers, and investigative staff. We are excited to announce that we are partnering with **Wine Institute** to offer its members a special rate on RBS training.

Certified Alcohol Training offers courses that are quick, efficient, and effective. All of our courses require a minimal amount of time, while being comprehensive enough to help servers pass the state exam and provide the knowledge and skills they need to protect themselves, the businesses, and the public.

For those interested in the online course, use coupon code **CAWINES** for a substantial discount off the normal price of the course. Go to our website for further information. Click into FAQ's for Licensees for instructions on making a group purchase and setting up a group page for your business.
